TEACHER ASSISANT!!\*\*\***

## T.A Expectations

**Overview:** A Teacher Assistant is a student who serves in the classroom alongside the course instructor during the academic day. The purpose of a TA is to assist the course instructor with the preparation of course assignments, exams, or lectures. The TA will be expected to attend the days and times in which they signed up and agreed to serve. If failure to meet expectations, TA will not receive credit.

As a Teacher Assistant you must:

1. Conduct yourself in a respectful manner in front of your peers
2. Be punctual and communicate any absence or tardiness to the course instructor
3. Refrain from using inappropriate language and conversation topics
4. Cooperate and follow directions as asked by course instructor
5. Follow all other guides as outlined by my course instructor
