

Dear families,

Albany Leadership Charter School for Girls was notified Monday, October 25th of one new confirmed case of COVID-19.

The individual was last in the building on October 13th and is quarantining at home.

The school continues to follow all health and safety procedures in the building, including cleaning and sanitizing. We also continue to follow all required COVID-19 precautions (temperature screening for students and staff, wearing masks, hand hygiene, social distancing of 3 feet or more, and other precautions).

We also would like to remind everyone of steps you can take to help be safe:

1. Maintain social distance at all times from those you don't live with.
2. Always wear a mask that covers both the mouth and nose when inside at school or when your student is riding a bus to or from school.
3. Wash hands with soap and water frequently when out of your home. If you cannot use soap and water, use alcohol-based hand sanitizer.
4. Don't touch the eyes, nose or mouth unless your hands are clean.
5. **DO NOT SEND YOUR CHILD TO SCHOOL WHEN THEY ARE SICK OR HAVE SYMPTOMS:**
 - Signs of COVID-19 are: fever, fatigue/tiredness, muscle/body aches or pains, congestion, cough, runny nose, shortness of breath/difficulty breathing, nausea/vomiting or diarrhea, headache, loss of taste or smell, rash, feeling sick or unwell in any way.
 - You can get a COVID-19 test by calling the New York State Department of Health COVID-19 Hotline at (888) 364-3065, or Whitney M. Young Jr. Health Center at (518) 407-0172 or (518) 465-4771.
